

SECTION 8

HORTICULTURE

Director: Beth Campbell 819-647-2909

Committee: Lynn Burrit, Betty Brownlee, Holly Campbell, Jean Coles, Joan Conrod, Dulcie Elliott, Terry-Lyn Hodgins, Em Morrison, Christine Schnupp, Jill West, Lorna Younge – Honourary Volunteer in Memoriam

General Rules for the Horticultural Section:

- Exhibitors must be members of the Pontiac Agricultural Society.
- Entries should be brought to the **Exhibition Hall** to be placed for exhibiting **Wednesday, August 28, 2024 between 6:00 p.m. and 9:00 p.m.** Judging to commence Thursday, August 29 at 9:00 a.m., and only the show committee can be present during judging. The decisions of the judge(s) are final, based on the accepted guidelines contained in the Ontario Judging Standards for Horticulture and Floral Design, Publication #34, 2003 edition. No exhibit is entitled to a prize unless worthy. **Entries must be picked up Monday, September 2, 2024 between 3:00 p.m. and 4:00 p.m. Entries cannot be removed before this time. If entries are removed before the designated time no prize money can be awarded.**
- Prepare your entry form(s) and entry tags (to be obtained from the Fair office) at home as you prepare your entries for showing. List your entries on the entry form and complete an entry tag with your name and exhibitor's number and securely attach the tag with string or rubber bands (not taped) to the exhibit.
- Exhibitor supplies their own containers, suggestions are clear vases, bottles, canning jars, etc., please avoid Styrofoam cups. Please do not use any container of value.
- Horticultural exhibits (specimen cut flowers, potted plants and specials – collections, displays & planters) must have been grown by the exhibitor and should be correctly labeled with plant name and variety using botanical &/or common name, whenever possible. Any class description with "NIP" represents Named if Possible.
- Prepare and condition all plant material promoting long-lasting turgidity and freshness for the duration of the Fair.

- Grooming – remove any soil, spray residue, insect remains, damaged or dead florets or leaves, etc. from the specimen. Remove all foliage, leaves which may be underwater in the container as this causes decay and bacteria in the water. Container-grown plants should have a clean soil surface and container.
- Pontiac Agricultural Society, its Directors, Officers, Show Committee and Employees will take all reasonable precautions to ensure safety of the exhibits, but they cannot be responsible for any lost, stolen or damaged articles, however caused.
- Only one entry per exhibitor to a class, except in "any other" (A.O.V.) class, where any number of entries may be shown provided the exhibits are of different plants and no class is listed in the schedule for the plant. No sub-divisions are permitted for any class, regardless of the number of entries.
- When any flower show exhibit has been specially chosen by any Pontiac Agricultural Society board member to be used for display purposes at the special Fair events, a special bonus will be paid. These exhibits will be removed from the flower show tables and replaced with a sign indicating the exhibit was chosen for display purposes.

SECTION A - SPECIMEN CUT FLOWERS

Rules for Specimen Cut Flowers:

An entry in a class specifying a certain number of blooms, stems, etc. must be shown as specified. A bud showing colour is considered to be a bloom. Note: For Gladiolus and other tall cuts, please use a sturdy non-tippy container.

- **Cultivar (cultivated variety) = named variations of plant species, e.g. Rose 'Peace', 'Peace' is the cultivar (variation) of the species Rose.**
- **Bloom = individual flower, one to a stem; buds showing colour will be considered a bloom – buds should be removed.**
- **Spike = a thick upright stem carrying several flowers which are nearly stemless, usually short pedicel, e.g. gladiolus, delphinium, snapdragon.**

- **Spray = a portion of the plant with a number of flowers on one stem. Ideally it would show all forms (stages of bloom), e.g. flowers in open bloom, buds showing colour, green buds and leaves.**
- **Stem or Stalk = a main plant structure which supports flowers, buds, leaves or fruit. It may be branched and may have multiple flowers on a stem, such as cosmos, rudbeckia, etc.**
